Subject: Strongly opposed to Senate Bill 748

Dear Committee,

I urge you to consider the very dark side of passing senate bill 748. When exceptions to land use planning that address urban growth boundaries are compromised it paves the way for changes and exceptions that will undermine the very intention behind land use planning laws. Oregon enjoys bountiful beauty but it can be destroyed as we have seen in other states who are not beneficiaries of wise land use planning laws. Our land use planning laws are exceptionally good as they stand. Do not be a party to eroding their strength. Please do the right thing and defeat this sad, short term economic assistance for forever damage to our state.
