Subject: SB 748

This email is in lieu of a personal appearance due to the short notice. This bill in its present form is ambiguous, contradictory, and a dangerous precedent for Oregon. It seems to override and render moot the land use and UGB laws now in effect. Any changes to current law need to be carefully drafted with sufficient time for public input, careful analyses, and comment. I oppose this bill and request that it be defeated.

Thank you for your consideration.
