April 13, 2015

Co-Chair, Senator Rod Monroe
Co-Chair, Representative Betty Komp
Joint Committee on Ways and Means, Subcommittee on Education

Dear Co-Chairs Monroe and Komp,

Thank you for the opportunity to answer questions that arose during the Higher Education Coordinating Commission's presentation to the Ways and Means Subcommittee on Education.

In a discussion after the hearing on April 8, Representative Sprenger expressed interest in additional details regarding graduation rates at Oregon public universities, and we think this will be of interest to the full subcommittee. We have provided two slides that demonstrate the 4, 5, and 6-year graduation rates for each Oregon public university compared to national and state averages, as well as the average graduation rates over time.

If you have further questions, please do not hesitate to contact our legislative deputy director Dana Richardson at dana.richardson@state.or.us.

Regards,

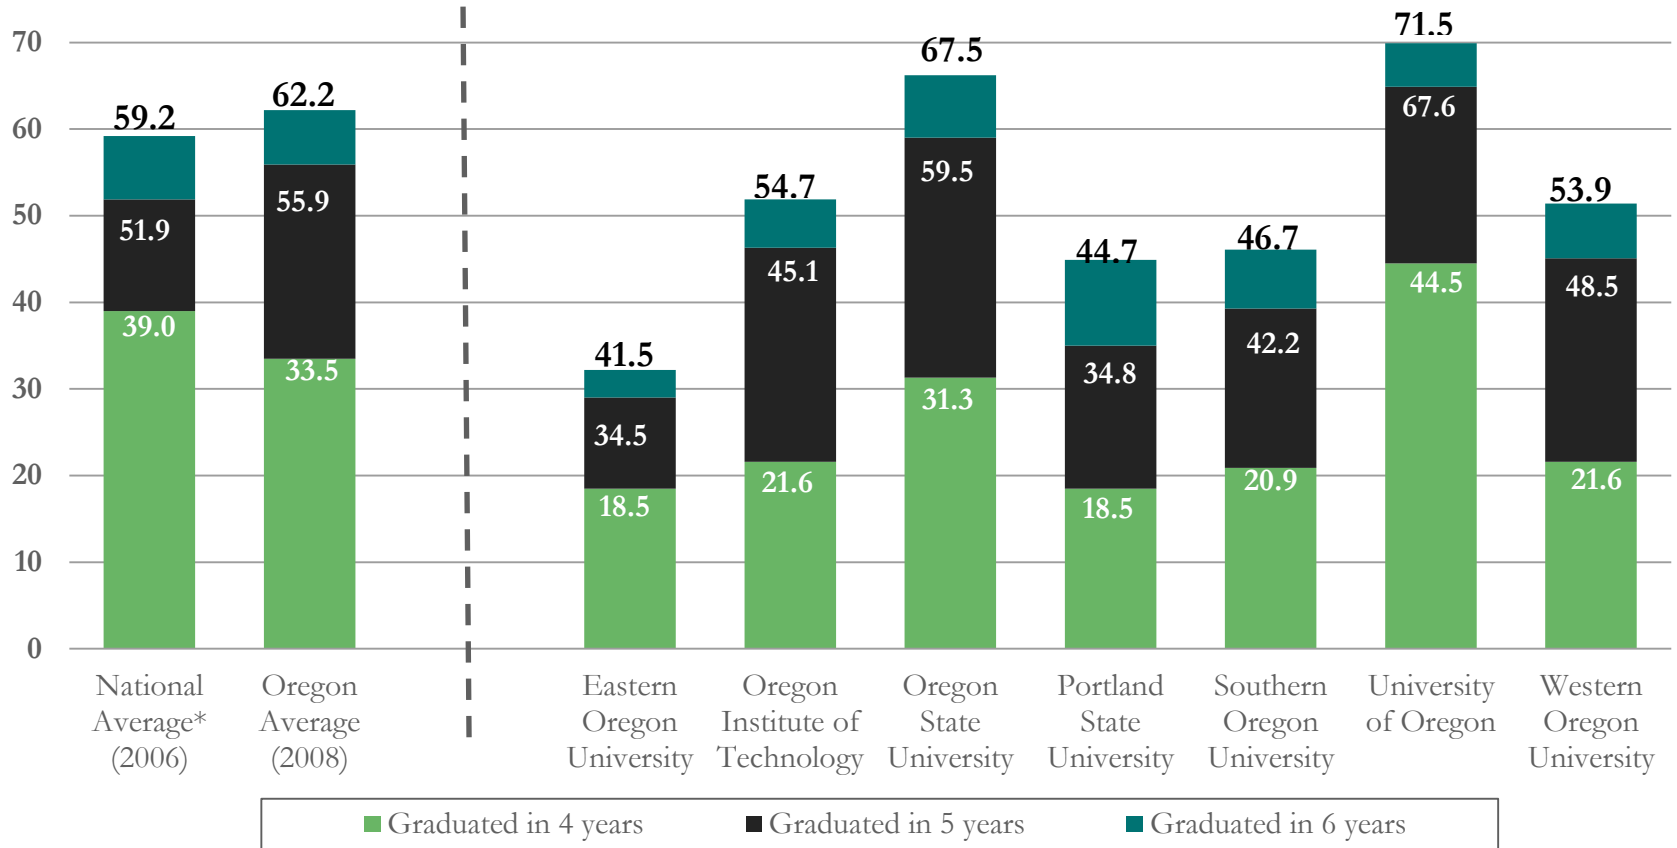

Ben Cannon
Executive Director, HECC
