**TO: Committee Chair Phil Barnhardt
FROM: Terri Coleman, representing AirHaven Inc. at Lenhardt Airpark
RE: In support of HB 2075**

Committee Chair Phil Barnhardt,

My name is Terri Coleman and I am co-owner and operator of AirHaven, Inc., located at Lenhardt Airpark, three miles east of Hubbard, Oregon. I am in support of HB 2075.

Oregon needs HB 2075 to generate money to help maintain non- federally funded airports and to help local municipalities meet their FAA grant match. I am in support of HB 2075 also as it will provide economic development money for projects intended to bring business to airports and municipalities and it will subsidize air service between rural Oregon municipalities and Portland.

Usually I am not in favor of additional taxes for taxpayers, but HB 2075 is a good idea and beneficial for the Oregon economy and aviation industry.

Thank you for your time and attention,

Terri Coleman
