

I feel that our gun rights were being assaulted by the Democratic Party. They are are obsessed with firearm legislation that we don't need or want! They just want to take away our civil rights. These Bills do nothing to make people safer; there is no such thing as safe! All they are doing is making Oregon into a Communist state just like California. They completely ignore that this state has a million or so sportsman with firearms that are law abiding citizens and don't make their voice heard.

We don't need anymore firearm laws! These laws do nothing but harass the honest citizens and make them into criminals. Criminals don't follow these useless laws anyway! Take better care of the mentally ill. Make more stringent laws on criminals that use a firearm in a crime, that makes much more sense. We need to keep Oregon free and in line with the Constitution and the Bill of Rights. Git rid of useless laws that do nothing but hinder the people of Oregon. These proposed laws violates the Second Amendment of the U.S. Constitution, which provides the right to bear arms not be infringed by Oregon or anyone else.

Say no to out of state carpetbaggers buying your vote, they don't care about Oregon they are spreading the destruction of the Constitution and the Bill of Rights. What will be next on their list the Freedom of Speech, Freedom of the Press, Freedom of Assembly...etc.

When you start losing your freedoms you cherish will you take action to stop the erosion?

No on SB 525! No on SB 941! No on 945!

Thank you!
