Dear Members of the Agriculture & Natural Resources Committee:

Please kill HB3515.

This bill would overturn the repeatedly affirmed desire of the majority of Oregonians to maintain full protections for Oregon's wolves until a healthy, genetically viable and self-sustaining population of this keystone species is well-established in our state.

Right now only 77 confirmed wolves occupy Oregon's 97,000 square miles, with only seven wolves known outside of NE Oregon. This is far from a recovered population.

I cannot understand a person who doesn't see the beauty in nature such as the wolf. Humans are the essence of arrogance.

For these reasons and more, I urge you to vote against this Bill.

Respectfully, Michaela
