

I strongly oppose this bill and will do all that I can to fight it. The government has no right to tell me where and how I must store my firearms. Having "minors" around firearms is a measure of personal responsibility and that decision belongs to the parents and family's of our children, not the state. Most of the "minors" I know understand more about firearms and safety than the adults that propose bills like this. This is yet another democrat themed encroachment on the gun rights of citizens. I grew up around firearms, most Oregonians have, we never had issues with it, it was never a crime. I stand in opposition to this bill.

Yours,  
Joseph Finley
