

I oppose SB 945 for many reasons, some reasons.  
invasive of private homes, hard to inforce without becoming a police type of state  
to enforce.

This is something each gun owner for the practices, such as gun and shells stored  
in separate locked places, gun safes, trigger locks, a few options private gun  
owners use.

Not having government entity policing my home. Enough of the nanny state.
