

To: Chair Greenlick and Members of the House Health Care Committee

Re: Support for HB 3517

As an organization that represents over 65,000 people in industries from health care to property services to public sector employees, SEIU members come from all backgrounds. Many are on the front lines of the medical profession, and see the damage that does, and can, occur when children are uninsured.

Oregon needs to fix the Healthy Kids program, so that the state can act to protect the most vulnerable in times of need.

HB 3517 would strengthen our community. SEIU urges you to pass it out of committee with a "do pass" recommendation.

Sincerely,

Louis De Sitter
