

I am just as concerned as anybody about protecting our youth with guns, but this Senate bill 945 goes too far and looks to me like an over reach to total and complete gun control. Why are we always responsible for the actions of someone else?

I am completely opposed to more gun laws and what looks to me as a push of our freedoms towards socialism. Safety is something that is taught and is taught by responsible people, but more gun laws will not help irresponsible people to change.

Please vote NO on Senate Bill 945

Victor Kosmatka
