Subject: HB 3515

House Bill 3515 must be defeated. it is ridiculous to restrict support for gray wolves in Oregon. I vacation in Oregon several times each year including almost yearly rafting trips on the Rogue and I will stop coming to Oregon and actively encourage others to stop coming if this absurd bill passes. Wolves are essential to healthy ecosystems and the ability to list them as endangered or threatened is critical to their survival. Defeat this absolutely insane bill.

Best,
Russ Barton
