Dear Ms Patrino,

Please urge our lawmakers to put this bill on the calendar for 2015.

We urgently need climate action. Oregon is already suffering from HUMAN CAUSED CLIMATE CHANGE: forest fires, drought, and ocean acidification.

The NRDC, national resources defense council has stated that every taxpayer spent \$1,000 in 2013 for losses due to extreme weather.

We need to convert to a clean economy and make polluters pay for the damage being done.

Thank you
