

Sense when has the Government had the Right to tell me how to handle, store or keep my firearms? This is just another attempt to increase the number of criminals within the State. I for one will not comply with such a Bill. Though my son is gone from home he was instructed from an early age about firearms. His failure to follow my rules resulted in a busted ass along with some other instruction. Gun Safety starts with teaching, not locks or safes or other fancy devices. My Grand Kids know Grandpa has guns. They to are required to meet my tough standards while visiting. I take them out shooting and drill then on the ten rules of gun safety continually.

Senate Bill 945 is another peace of junk law. Not only will it not be enforceable, it will not save one life. Do you really believe that sending some one to prison and removing their Right to Own a Gun should something devastating happen will do any good? My answer is "NO"! That person will suffer for the rest of their life anyway.
