Subject: Opposed to SB 716

I'd like to express my opposition to SB 716. It's difficult to understand why it has been scheduled for a work session. To my understanding, testimony at a SB 716 hearing was almost universally opposed to the notion of adding more bare industrial land in the Metro area. There already is plenty of land zoned for this purpose. What is needed are companies willing to build on the already-existing land. Adding more bare land does nothing for Oregon's economic development.
