

To Whom It May Concern: I am writing in opposition to SB941. This bill, if passed, will do absolutely nothing to deter crime, and will instead make criminals out of law-abiding gun owners, because I can't imagine anyone taking the time and spending the money to do a background check on a friend just to loan him or her a gun. It is my understanding that Senator Prozanski, who railroaded the bill through the Senate Judiciary Committee, hasn't even read the bill he sponsored.

This bill is another example of billionaire Michael Bloomberg attempting to buy the passage of a law in a state he doesn't even reside in. This bill should never have been passed out of the Senate Judiciary Committee, nor should it be passed out of the House Rules Committee.

Vote a resounding NO on SB941, and a resounding YES in favor of the Second Amendment to the US Constitution, the God-given right to Keep and Bear Arms.
