

Subject: SB 709 -2 Amendments

Dear Chair Roblan and Members of the Education Committee,

It is hard to believe we were just down in Salem last week to testify on SB 955.

Sen. Gelser was kind enough to draft an amendment to SB709 which you have on the schedule for today. This amendment has language which would help our situation and allow our school district to give us priority if they choose to open inter district transfer spots.

We are very grateful for the efforts of Sen. Gelser and the committee on this issue. We hope you will adopt the -2 amendments and pass this bill to the whole Senate for consideration.

Thank you!
