

Please vote this measure down. This will only make it more difficult for law abiding citizens. The ones who mean harm will get there guns anyway regardless of a law. It is our constitutional right for us to have guns. Stop infringing upon that right. It will only hurt the good people with guns. There is a saying something like "to stop a bad person with a gun is a good brave person with a gun".

Please uphold our constitutional right to bear arms and VOTE NO.
