

Dear Committee Members,

I am writing to express my strong opposition to SB 941. I sincerely believe his measure if passed will not achieve its stated purpose of reducing crime since criminals are not likely to obey this or any other law.

It has also been said that many guns are purchased online without going through a background check. I believe this to be a very minor justification for creating another obstacle for law abiding, responsible gun owners.

Please reject this ineffective and unenforceable legislation.

Thank you for your service to our state,
