

My name is Wendell James Gillespie. I live North of Burns, Oregon on a Poultry Farm. I am also a US Marine Veteran. I was in Beirut, Lebanon in 1983. Yeah, it sucked. I am dead set against this Bill. We, the American Public do not support or want any more anti-gun legislation. I promise to do my best to oust any Oregon Politician that votes for this bill by voting against them, testifying against them, and by recall election. I will take out a mortgage on my farm to help fund this.

Vote NO on this Bill, and Do not send it any further.

Sincerely, (And have a nice day),

Wendell James Gillespie, LPN(Ret.)
