

Oregon is putting itself on a collision course with the Constitution and the Supreme Court. When the right takes control of the White House, this case, Washington's and Colorado's will be the first illegal laws on their dockets from the new President.

Please don't make Oregon a bigger laughing stock than the "greenie Leftist's" have already done. Don't violate the U.S. Constitution for the sake of a law that is punishing the wrong people in the beginning. You want to correct something-make the laws fit the crime when it comes to gun use-MANDATORY life sentence for any crime involving a gun, period!

This law is not only unconstitutional, but it is completely unenforceable. Many Oregon County Sheriff's have already said they "WILL NOT" enforce it. How many people do you think will really follow it for a private gun sale? How do you plan to enforce this part of it alone?

**BAD LAW!! BAD TIMING!! BAD JUDGEMENT!! BAD LEADERSHIP FROM SALEM!!**
