

# Sign this petition to get money out of Oregon politics.

**Money and power will always vie for increased political influence, but that doesn't excuse the mess we're in.** Government sets the rules that determine the extent of that influence.

While some of these rules are prescribed at the federal level, our state legislature can make a big difference right now, by passing legislation to limit direct contributions to candidates, enforce full disclosure of campaign contributions spent independently of candidates, and ensure timely disclosure of all political spending in the final weeks of our elections.

## Sign on to the petition below:

To the Oregon Legislature,

As Oregonians, voters and constituents, we call on you to act to get money out of politics.

There is no reason to wait any longer. We look to you, our elected representatives, to restore popular democracy in this state. In this post *Citizens United* environment, it is more important than ever to do what is within your legal authority to limit money in politics.

Specifically, we look to you to pass:

- Limits on direct contributions to candidates
- Full disclosure of money spent independently of candidates
- Timely disclosure of all money in politics

Money and power always vie for political influence. But the voters should come first. As our representatives, we are asking for you to take action.

It's time to authorize limits on direct campaign contributions, shine a light on the dark money
