

Chair Val Hoyle and committee,

I strongly oppose SB 941 A. It is my opinion that this bill will not do anything to deter criminals from possessing a gun.

What it does do is puts a burden on myself and millions of other law abiding gun owner in our right to sale or buy a gun through privet channels and adding more cost to our state and local agency's that will need to provide additional time.

If you elected officials want to do something of good in the way of reducing vilance you should look at removing or even banning video games from the shelves of minors and even adults.

I ask you to make the right decision by voting NO on SB941 A. And protect my Constitutional rights today.

Thank you for your time
