

What does the American Flag mean to you?

To me, it means freedom. It represents the Constitution.

The Constitution has a Bill of Rights.

All of those rights are iron clad.

That includes the 2nd Amendment.

I view anyone who tries to legislate against the 2nd Amendment as anti-American, as I would any legislation against any other Amendment in the Bill of Rights.

I believe all legislators are sworn in to defend their respective Federal and State Constitutions.

Therefore, any attacks on those rights should be considered attacks on American Freedom.

SB941 is a gun registration scheme that violates every American's 2nd Amendment rights. It will not prevent criminals from obtaining guns and only restricts the rights of law abiding

Americans.

I will not tolerate this intrusion on the American people's rights.

I strongly urge you to vote down this anti-American bill.

Sincerely,

Kelly Welch
