

I like many other Oregonians and all of my family oppose SB941.

Why is it that everyone wants to keep restricting our Rights in the USA? I just returned back to the USA after living in Germany for 2.5 years and even the Germans told us that we are stupid for letting Obama and the gun grabbers to start restricting our Gun Ownership Right.

Us as Americans/Oregonians obviously need to start clearing the House/Senate and the Governors of Representatives that keep wanting to restrict our rights. This is just getting ridiculous.

I sure hope that we can count on you burying this SB under ground and keeping it there.
