

House Rules Committee Public Hearing  
April 22, 2015

Dear Chairperson and Committee Members:

Please to not send this gun bill out of your committee.

This bill, if passed, would not only cost me, and a buyer or seller, time and money, but it would not cost a thief or unstable person any time and money and will not be a deterrent. The reason is that I would have to comply with the law, but a thief, or a potentially violent person would be crazy to comply with the law. Enough said, I guess.

Please don't burden us with laws and costs that do not solve our problems.

Thank you for reading my testimony.

Respectfully,

Helen Scott
