

Regarding SB 941 - I oppose this bill.

This bill is treasonous and is clearly against both the letter and spirit of the Oregon and Federal Constitutions.

I know that this bill stands a good chance of being passed by the ignorant and selfish who occupy the State House in Oregon.

You can pass all the damn laws you want but the good citizens of Oregon will not follow them and will resist your tyranny at every opportunity.

May you, your children and grandchildren get rickets and die a miserable and slow protracted death of scurvy and other vile pestilence for your treason.

Howard Heminger
