

This is a bad law that would be an ineffective, expensive, unreasonable infringement of law-abiding Oregonians rights. It will have no effect on the bad guys - they already break the laws.

Enforcement will require registration of every firearm in the state. Is the legislature ready for mandatory door to door searches and police checkpoints at every road entering the state? SB 941 is unmanageable and unenforceable.

Please focus on firearms safety training such as NRA Eddie Eagle lessons (which I received in 5th grade in my North Dakota public school back in the 1960's). In addition, Oregon should increase prison time for violent offenders and increase mental health services for those who are unstable and need help.

Vote NO on SB 941.

Thank you.

Sincerely,

John Lee and Tania Turnell
