

Hello

SB 941 , and every other anti 2nd Amendment bill the legislature has churned out , should never have been written , much less accepted as something worthy of Oregon's people .

Right conduct , personal responsibility is all that law abiding citizens need , certainly not a plethora of laws that steal a person's rights . . There are already laws that deny firearms to criminals , and that is for law enforcement to deal with .

Validate our 2nd Amendment Rights . Pass a bill doing so , and Constitutional Carry is what that bill should recognize .

Sincerely ,

Aebe mac Gill
