

Oregon has always stood for all of our constitutional rights . . . not just a few of them . . . there are no reasons to take ammo and firearms from non-criminal citizens and those of us who are law bidding should not be prohibited from sales, lending, etc, etc. in any manner . . . That is why we are allowed to use weapons to protect us from a government that would take away our freedoms . . .

Oregonians have always stood for freedom . . . please, please do not turn your backs on all of us who are law-biding citizens!!!!!!!!!!

For God's sake . . . defend our freedoms from tyranny!!!!
