

Chair Hoyle, Vice Chair Gilliam and Members of this committee. My name is Sam T Sapp and the following is my testimony in opposition of SB941 the so-called "The Oregon Firearms Safety Act".

SB 941 is one of the vilest pieces of legislation it has been my displeasure to read. Every word and order it contains is a direct violation of my rights as a citizen of this state and this country. I keep hearing about how "a pole says 80+% of the people of Oregon support this measure". I say hogwash! Show me the pole. I have been looking for it and I cannot find it anywhere! No one I know has been contacted by this pole.

It's been stated and proven time after time.... background checks do not work. Yet anti-gunners continue to insist we waste time and spend money unnecessarily to accomplish what?! Noting. Everyone knows if a criminal wants a gun he will get one even if he has to go into town or out of state to buy a stolen one from another criminal.

The only thing this law is capable of doing is making criminals out of law abiding citizens. Why would you want that?

Best regards,
