

Let me first state that I think it is impossible to legislate moral conduct. SB 941 is an attempt to do just that. Those that abuse the current system of background checks will continue to abuse any further checks and the rest of us do not need more restrictions of our rights. I think the current laws should be fully enforced and adjudicated.

It has become obvious that the people of Oregon oppose this attack on our rights and that some in the legislature are determined to push this bill through, in spite of the fact that most counties have expressed opposition and have passed resolutions expressing those doubts for this bill making any difference in fighting crime. Many county sheriffs have expressed their opposition and have stated that they want nothing to do with it.

Please vote to oppose this bill. It will do nothing to stop criminals from obtaining firearms.

Thank you for your time,
