

To whom it may concern,

Once again, I ask that you vote No on SB 941.

As pointed out by many in law enforcement and law abiding gun owners everywhere, this bill will **do nothing** to stop criminal activity.

It will however, place an undue burden on thousands of citizens in Oregon and create a huge backlog for the already overworked State Police Background Check System.

The background check by the OSP is a failure as it is....and will only become a bigger failure if this bill is passed.

I'm am 100% Against this bill.

Sincerely,

Terry Troutt, L.E. Retired
