

Thank you for your  
consideration of the input of  
a citizen!

Thank you also for not  
approving HB 3475 which I  
know is an attack on our constitution.

Please defend we the people  
in our established form of  
government.

Sedition - the Webster's  
dictionary defines this as "The  
stirring up of up of discontent,  
resistance or rebellion against  
the government in power."

We the people are the  
government in power! Do not  
be a part of this sedition!

Thank You
