

To whom it may concern,

As an Oregonian nonbeliever/atheist/agnostic, I am asking you to please support HB 3483 allowing non-religious persons to solemnize marriages. There should be no religious test for gaining equal access to our government or equal treatment under the law. Please vote in favor of HB 3483 in the Rules Committee so that it can move on for consideration by the full House.

Thank you,

David W Johnson
