Analysis:

During the interim, the Board of Medical Imaging adopted fees for fingerprint-based background checks of new applicants for any license or permit. This action was subsequently approved by the Department of Administrative Services in accordance with the process outlined in statute. These fees established by administrative rule must be authorized by enabling legislation to prevent the fees from automatically being rescinded upon adjournment of the current legislative session.

The Board intends to conduct the fingerprint-based background checks on new applicants for any license or permit. The fee for the fingerprint-based background check is \$52, of which \$44.50 will be passed through to Oregon State Police to conduct the background check. The Board will retain \$7.50 for administrative costs. The fee revenue is anticipated to be \$48,950 Other Funds.
