**Subject:** "No" on HB 2666---Aggregate mine permits

I am writing to express my opposition to the passage of HB 2666 regarding aggregate mining permits. I believe that it is important to have strong provisions in our land use laws to protect and preserve Oregon's prime farmlands. I believe this law would relax those protections and result in harm to one of Oregon's most valuable and precious resources—our farm lands and the agricultural products grown on these lands.
