

Dear Legislators:

When Marion County cities of Sublimity, Turner and Gervais, all of which provide the same services but are growing and changing at vastly different rates, have had FIXED tax rates of .71, 4.51 and 8.08 per thousand respectively for 20 years, the State is supporting a tax revenue system that simply does not and cannot work for its citizens.

Please take the right step by supporting HJR 12, HJR 20 as well as comprehensive tax reform.

David Sawyer, City Administrator

City of Turner
