Declares emergency, effective on passage.

ISSUES DISCUSSED:

EFFECT OF COMMITTEE AMENDMENT:

BACKGROUND: House Bill 3521 (2011) directed the Joint Boards of Education to develop standards for a process by which a community college would award an associate degree to a student upon completion of necessary credits, regardless of whether the student earned the credits for the degree at a community college or a state university. The HECC studied the issue and submitted a report to the Legislative Assembly in 2012 which included a section on Reverse Transfer Best Practices Identified in Oregon. Among these was “Consider performing degree audits and awarding associate’s degrees at four-year institutions.”

House Bill 3335-A requires the HECC to work with Oregon’s public universities to develop effective solutions to address the problem of students who enrolled and successfully completed two or more years of coursework, but dropped out before graduating.
