Capital Construction Sub-Committee of Ways and Means
Oregon Housing and Community Services Bond Package
Co-Chair Girod, Co-Chair Read, Members of the Committee:

I am writing you to please carefully consider the \$100 million state wide allocation of housing money proposed by the governor. Please carefully consider what positive impact this could have on low income citizens of Oregon. We desperately need more affordable and low income housing in Oregon. This money could boost local economies and build 3,00-4,000 new homes.

The strength of Oregon is the diversity of Oregon. Everyone deserves a chance to live in our great state. We can grow into another Seattle or San Francisco, but that is not a sustainable direction.

We can choose to invest in people and create a better future for the next generation. We urge your careful consideration of, and support for, this proposed historic investment in homes for Oregon.

Thank you for your service,

Sincerely,

Nicki Eybel
resident of NE Portland
