

Please approve Sb 247. ODFW does a necessary and commendable job. The cuts that would take place if Sb 247 is not approved will be unacceptable to our wildlife resource management programs.

If necessary I feel a minimal charge of \$10.00 should be instituted on the Pioneer Licenses. I am 78 and realize that I benefit and enjoy the resources ODFW manages as much as anyone and need to support that enjoyment with some funding input.

Respectfully,
Gene McMullen
