Subject: Please vote no on SB 412

Please protect the public and the environment and vote no on SB 412. The Port of Portland dumping bill would allow ports to create new, permanent solid-waste dredge dumps outside of existing landfills that provide no beneficial value. DEQ should retain full oversight over solid waste disposal to protect our environment.

Public agencies like the Port of Portland should follow environmental laws, not seek exceptions from them. Please do not allow special exceptions from environmental laws for the Port of Portland.

Thank you for considering my comments.
