**Subject:** Fwd: Oppose HB 2509! Protect Oregon farmers from GE contamination

Hello!

I would very much like to have my comments on HB 2509 entered into the record for consideration by the Committee members in today's hearing.

As an Oregon resident, I'm very concerned about the harmful effects of GMO crops on the health of both people and the environment. I'm concerned that HB 2509 will make it more difficult for Oregon farmers to protect their crops from GE contamination.

Please consider the effects of this legislation on Oregon farmers and consumers, and don't pander to the interests of big corporations like Monsanto.

Thank you!  
Kirsten Burt  
Portland, Oregon

Kirsten,

Thank you for sharing your position on HB 2509. Senator Edwards will be holding a public hearing today at 3pm in the Senate Committee on Environment and Natural Resources, at which you are welcomed to testify and participate in the process. If you cannot appear in-person to testify, please contact Committee Administrator Beth Reiley at [beth.reiley@state.or.us](mailto:beth.reiley@state.or.us) to have your comments entered into the record for consideration by the Committee members.

Best regards,

Tiffany

**Subject:** Oppose HB 2509! Protect Oregon farmers from GE contamination

Dear Senator Edwards,

I'm writing to urge you to oppose HB 2509, which is openly backed by Monsanto. This bill would make it harder for Oregon farmers to protect themselves against GE contamination.

Protect our farmers and our food supply from GMOs!  
Oppose HB 2509!

Best wishes,  
Kirsten Burt  
Portland
