

Capital Construction Sub-Committee of Ways and Means
Lottery-Backed Bonds for Preservation

Dear Co-Chair Girod, Co-Chair Read, Members of the Committee,

I live in Bend and we have a housing crisis. The rental vacancy rate is the lowest in the state, less than half of a percent. I am writing to express my support for the \$20 Million lottery-backed Bonding proposal to preserve currently affordable homes.

Please preserve the affordable housing that we already have.

Thanks,

Allegra Briggs
