No amendment.

**BACKGROUND:**

Senate Bill 242 (2011) established the Higher Education Coordinating Commission. Within HECC, the Office of Degree Authorization (ODA) is required by statute “to provide for the protection of the citizens of Oregon and their postsecondary schools by ensuring the quality of higher education and preserving the integrity of an academic degree as a public credential.” Under this mission, HECC and the ODA review, oversee, and authorize postsecondary academic programs.
