ISSUES DISCUSSED:

EFFECT OF COMMITTEE AMENDMENT:

A6: Replaces bill

BACKGROUND:

With HB 2067 in 2009, nearly all tax credits have been subject to a policy review that includes the statutory sunset dates. Roughly speaking, one-third of such tax credits are reviewed each legislative session. The review conducted in 2015 completes the first round of such reviews, following work done in 2011 and 2013. This bill and amendment represent the recommendations from policy committees regarding which tax credits should be extended and in what form.
