

**HB 3468**

**Relating to crime**

---

HB 3468 adds to the crime of coercion threatening to cause physical injury to an animal to induce another person to engage in a particular conduct. It also requires courts to impose at least 10 days incarceration for initiating a false report, when the false report involves the deployment of a law enforcement SWAT team or other similar law enforcement group.

There is a minimal fiscal impact to the agencies involved in implementation, which they can absorb.

The Public Safety Subcommittee recommends HB 3468 be reported out do pass.
