HB 2320 Clarifies distinction between “historically filled lands” and “new lands” for purposes of determining ownership and transfer of ownership of lands created upon submersible or submerged lands by artificial fill or deposit. Authorizes State Land Board to adopt by rule process for Department of State Lands to sell, lease or trade historically filled lands owned by state. Repeals provisions related to study of formerly submerged and submersible lands. Establishes process for State Land Board to identify and declare state’s interest in historically filled lands and to provide notice of declaration. Prohibits board from asserting title in historically filled lands unless certain procedures met prior to December 31, 2025. Directs Department of State Lands to provide progress report on identification and declaration process to interim committees of Legislative Assembly related to environment and natural resources on or before September 15, 2017. Becomes operative January 1, 2016. Declares emergency, effective on passage.
