

HB 3072
Relating education

HB 3072 relates to Career and Technical Education (or, CTE) programs, and Science, Technology, Engineering and Mathematics (or, STEM) programs. The bill provides the authority for many of the new CTE and STEM related programs that are funded in the Oregon Department of Education's budget.

The Joint Committee on Ways and Means previously approved this bill, and it has passed the House.

The -B11 amendment resolves conflicts with SB 215 and other bills relating to the sunset and changing responsibilities of the Oregon Education Investment Board and the Office of the Chief Education Officer.

I recommend HB 3072 be amended by the -B11 conflict amendment and be reported out do pass, as amended.
