**BACKGROUND:**

Born March 22, 1913, and serving from 1967 to 1975, Governor Thomas Lawson "Tom" McCall's time as Governor of Oregon is still remembered as an era of great progress and innovation, especially in the preservation and enhancement of the quality of life of Oregonians.

Oregonians still benefit from many of the breakthroughs achieved under Governor McCall's leadership, including the Beach Bill and the Bottle Bill. The Oregon Historical Society hosts a service-learning curriculum titled "Tom McCall: A Better Oregon" that offers teachers a number of resources to engage their students in learning about this transformational leader and his lasting legacy. It emphasizes that engagement in civic and community affairs is the foundation on which our democracy is built, and learning about achievements of past leaders is one of the best ways to equip the people to strive for similar achievements in the future.

Senate Bill 333 designates March 22 of each year as Tom McCall Day to commemorate Governor McCall and encourage school districts to educate children about Governor McCall's legacy.
