**EFFECT OF COMMITTEE AMENDMENT:**

Authorizes Oregon Department of Agriculture (ODA) to establish expedited permitting process for people affected by wildflower and nursery stock statutes that participate and meet standards of ODA certification program. Increases maximum license fee for growers from \$20,000 to \$40,000 and maximum millage rate from no more than five to 10 mills.

**BACKGROUND:**

The Oregon Department of Agriculture's (ODA) Nursery and Christmas Tree Program protects Oregon's nursery and Christmas tree industries from the introduction and spread of plant pests, disease and noxious weeds. The program provides services to licensed Oregon nurseries and Christmas tree growers that assist in the production, marketing and protection of Oregon nursery stock and Christmas trees.

Senate Bill 256A authorizes ODA to adopt a certification standard for people dealing in nursery stock. The Act also increases the maximum license fee and millage rate for nursery stock licensees and the base charge, acreage assessment and maximum license fee for Christmas tree growers.
